

Our Allergy labelling is changing

Due to changes in food labelling law, we are required to change our allergy labelling and allergy advice boxes. We are legally required to highlight the presence of certain allergens, where they are included in the recipe, in the ingredients list on packs. From September 2013 we will begin to highlight allergens in **bold** in the ingredients list and not in a separate allergy advice box. You will also see new allergy statements on packs. For more information about how and why we are changing our labelling, see <http://www.sainsburys-live-well-for-less.co.uk/recipes-inspiration/healthier-eating/health-advice/health-labelling/multi-colour-traffic-light-labelling/food-labelling/>

An example label is shown below:

The Allergens that appear in the ingredients list are: peanuts, nuts, sesame, crustaceans (previously labelled as shellfish), fish, milk, egg, celery, mustard, wheat, rye, barley, oat, spelt, kamut®, soya, sulphites, molluscs.

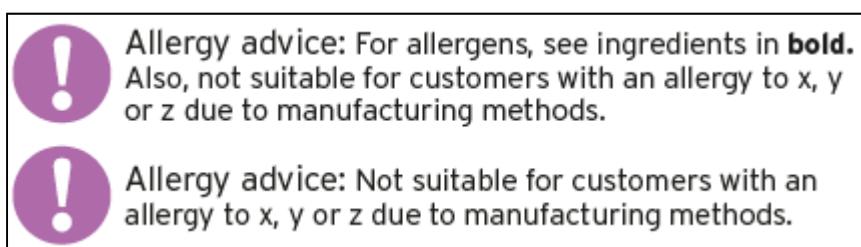

Cross-contamination

Where we believe that there is a real risk of a product having come into contact with allergens that could put a customer with an allergy at risk, one of the following phrases is used in the allergy advice panel:

Allergy advice: For allergens, see ingredients in **bold**. Also not suitable for customers with an allergy to x, y or z due to manufacturing methods.

Allergy advice: Not suitable for customers with an allergy to x, y or z due to manufacturing methods.

An example label is shown below:

New labelling of gluten at Sainsbury's

Due to changes in food labelling law, we are required to change our allergy labelling and allergy advice boxes. Starting from September 2013, all prepared foods made with ingredients containing gluten will have the gluten-containing grain highlighted in **bold** in the ingredients list. If the product contains gluten in the recipe, we will state the name of the gluten-containing grain in the ingredients list (e.g. wheat, rye, barley, oat, spelt, kamut®), but the word 'gluten' will not appear in the ingredients list.

Where we believe that there is a real risk of a product having come into contact with gluten, therefore making it unsuitable for coeliacs, we will use the following phrase in the allergy advice panel; 'Not suitable for customers with an allergy to wheat, rye, barley, oat, spelt or kamut®'. The allergy advice panel below is from a product that is not suitable for coeliacs because there is a risk of contamination with the listed gluten-containing cereals.

Allergy advice: Not suitable for customers with an allergy to wheat, rye, barley, oat, spelt or kamut due to manufacturing methods.

How to read Sainsbury's Old Style Allergy Labelling:

During the change over period both the new and old systems of labelling will be on Sainsbury's products in store.

Old Style Labelling:

On all pre-packed foods that contain an allergen in the recipe, the allergen will be listed in the ingredients list but not in bold text. **Always check the ingredients list FIRST for any allergens.**

Example old style label: This product is not suitable for people avoiding egg or milk.

Sainsbury's old style labels have an additional box on the back of pack highlighting the presence of the major allergens listed in the EU labelling legislation. This box usually appears below the ingredients panel and is headed **Allergy Advice**. If the allergen is present in the recipe the text in the box states "**Contains**" followed by whichever of the following allergens are present: Peanuts, Nuts, Sesame, Shellfish, Fish, Milk, Egg, Celery, Mustard, Wheat Gluten,

Rye Gluten, Barley Gluten, Oat Gluten, Spelt Gluten, Kamut Gluten, Soya, Sulphites, molluscs. The background to this box is pink (except when the label is black and white).

Example old style allergy advice box: This example indicates that the product contains milk, wheat and barley in the recipe

Where the supplier and the Sainsbury's technologist agree that there is a real risk of a product having accidentally come into contact with allergens that are not in the recipe and that the risk cannot be managed and would put customers' safety at risk, the following warning phrase is used in the **Allergy Advice box: Not suitable for** (name of allergen e.g. milk) **allergy sufferers due to the methods used in the production of this product.** Where space on the label is very limited we sometimes have to use: **Not suitable for (name of the allergen e.g. milk) allergy sufferers.**

Example old style allergy advice box: This example indicates that the product is at risk of being contaminated with nuts or sesame.

Please note that both statements above mean exactly the same; the only difference is the amount of space available on the label for the message.

Product guidance for people avoiding NUT, PEANUT and EGG

About this list

This list contains Sainsbury's own brand products that are suitable for people avoiding eggs from all avian species (chicken, duck, goose, gull, quail etc), nuts and peanuts. Our suppliers and product technologists have ensured that each product **does not** include egg or ingredients derived from egg in the recipe and the risk of contamination with egg has been effectively managed.

We have also ensured that each product **does not** include peanuts or nuts or ingredients derived from peanuts or nuts in the recipe and the risk of contamination with peanuts or nuts has been effectively managed.

"Nuts" refers to the species of tree nuts defined as allergens under EU law and includes:

- almonds (*Amygdalus communis L.*)
- hazelnuts (*Corylus avellana*)
- walnuts (*Juglans regia*)
- cashews (*Anacardium occidentale*)
- pecan nuts (*Carya illinoensis (Wangenh.) K. Koch*)
- Brazil nuts (*Bertholletia excelsa*)
- pistachio nuts (*Pistacia vera*)
- macadamia nuts
- Queensland nuts (*Macadamia ternifolia*)

EU legislation does not yet consider pine nuts, coconuts or water chestnuts as allergens, and so their presence will not trigger a warning on the packaging. However, we do appreciate that some customers may be allergic to them, and we will always ensure that their presence is clearly stated in the ingredients list.

The most up-to-date allergy information is always on the product packaging and you should always check the ingredients list and allergy advice statements on pack at time of purchase.

Using the list

Our Product Guidance Lists feature 2 sections. The first list shows all the products that have been added to the list this month. The second list shows all Sainsbury's own brand products (both existing and newly added to the list) that are suitable for people avoiding egg, nut and peanut.

This list **does not** include products from the **In Store Bakery**, the **service deli**, the **hot food counters**, **fresh meat** and **fresh fish counters**, Sainsbury's **café** or the **self-service salad bar**. This is because we advise people with allergies to avoid all of the products sold in these areas due to the potential risk of cross contamination caused by the open food handling.

Within the list, the products are divided by categories e.g. Fresh Meal Solutions, Dairy, Biscuits etc.

These categories are then divided into sub-categories. So in **Fresh Meal Solutions** you will find Classic Meals, Inspired to Cook, Fresh Italian Meals, Fresh Indian Meals etc. Following each sub-category there is a four digit number in brackets, e.g. Fresh Italian Meals (0015). This is the department code that is unique to the sub-category, this code may help the Sainsbury's colleague in store find the product for you.

The *first column* of the list contains some numbers, used internally by Sainsbury's, called **SKUs**. Each product has a unique SKU number and this may help the Sainsbury's colleague in store or on the customer service desk help you identify the product you are looking for.

The *second column* contains the **barcode** that appears on pack.

The *third column* is the product description. This is the name of the product that appears on the front of pack and it also includes the weight of the product.

How to search for products or product types

Are you looking for a particular product but don't want to trawl through the list? If you are viewing this on a computer all you need to do is press Ctrl and the letter 'F' (For mac computers press the 'Command' button and the letter 'F'). A box will then appear in the top right hand corner where you can type the name of the product, or type of product you are looking for and then press search. The computer will automatically find it for you if the product is included in the list

How to identify the exact product from the list, when you're doing your shopping:

How to search on the grocery shopping website

You can search for any of the products listed below on the grocery online shop – www.sainsburys.co.uk/groceries . Simply copy and paste the SKU number from the list into the search box, and click Go.

You can also search for a list of products at once, by using our shopping list tool. Click on 'find a list of products' at the top of the page, and enter the SKU numbers (separated by a comma), and Click find products.

Sainsbury's sub-brands and abbreviations used in the list:

basics. This is a wide range of staple products across food and GM, with Sainsbury's quality at the lowest price. Basics maintains our universal appeal and helps budget conscious shoppers lower the cost of their weekly shop. Customers should not have to compromise on their health or sourcing values - which is why basics foods are free from hydrogenated fats and artificial flavour enhancers, and are sourced with integrity.

Taste the difference (abbreviated in the list to Ttd). This is Sainsbury's premium offering of food & drink, giving customers a wide range of high quality, fantastic tasting products. Our teams take time, care & attention to ensure we source the best ingredients & recipes from around the world, to deliver an outstanding taste experience.

be good to yourself (abbreviated in the list to bgty). This is Sainsbury's healthier option range where we have developed great tasting everyday essential products which are better for you because we have controlled the levels of fat, saturated fat, sugar and salt without compromising on taste. All products will either be less than 3% fat or reduced fat (containing at least 30% less fat than the standard equivalent product).

My Goodness. This is Sainsbury's 'naturally good' brand, targeted towards customers looking for health through delicious, naturally good products. The products offer customers more of the nutrients and foods that we typically lack, such as fruit, vegetables, fibre, Omega 3, vitamins and minerals and controls what we eat too much of, being low in saturated fat, salt and sugar.

freefrom. Sainsbury's were the first major supermarket to introduce an own label free from range back in 2002. This range today now includes over 100 products that have all been specially made without wheat or gluten and most are also made without milk. Products are suitable for coeliacs and people with a wheat allergy. Most are also suitable for people with milk allergy or lactose intolerance.

All our products are developed in strictly controlled environments, ensuring we never compromise on safety, quality or taste.

Sainsbury's SO Organic. Food you can trust. This is Sainsbury's range of products where we have developed an organic alternative to most mainstream products. All organic farms and food companies are inspected at least once a year. The standards for organic food are laid down in European law, so a licence is required to grow process and market organic products. Farming practices aim to encourage wildlife and promote optimum soil health.

Common ingredients to avoid if you have an allergy to egg

This list isn't exhaustive and there may still be other sources of egg you should avoid - always check the ingredients list and allergy advice box.

Dried Egg

Egg Powder

Egg white

Dried Egg Albumin

Dried Egg Yolk

Egg Albumen

Egg Yolk

Lactalbumin (from Egg)

Common ingredients to avoid if you have a nut or peanut allergy

This list isn't exhaustive and there may still be other sources of nuts and peanuts you should avoid - always check the ingredients list and allergy advice box and consult your GP or medical advisor if in doubt.

almonds

hazelnuts (cob nuts)

walnuts

cashews

pecan nuts

Brazil nuts

pistachio nuts

macadamia nuts

Queensland nuts

Marzipan

Peanuts

Peanuts will always be labelled as “peanuts” in the ingredients list on Sainsbury’s packaging and in the allergy advice box but other names for peanuts that you should look out for on branded products are:

Earth nut

Goober nuts

Goober peas

Groundnut

Mandalona nut

Manilla nut

Monkey nut

Pinda

Pinder

Nutritional Information

Eggs are a good source of vitamin B12, B2 and vitamin A so check that you include other sources of these vitamins in your diet if you are avoiding egg. Sources of vitamin A include milk, cheese, fat spreads, dark green leafy vegetables and orange coloured fruit and vegetables. Alternative sources of vitamin B2 are milk, rice and fortified breakfast cereals. Only animal derived foods (meat/dairy) and fortified breakfast cereals can supply Vitamin B12 so if you are also a vegetarian or vegan, ensure you include plenty of fortified breakfast cereals. Eggs are also a source of Vitamin D so ensure that you get enough sunlight or eat other foods to provide this vitamin such as margarine or oily fish.

Sources of further information

If you have any queries about this list or the products contained in it please contact Sainsbury’s **Careline 0800 636 262**.

If you would like more information about allergies and intolerances Sainsbury’s would recommend either of the charities below:

The Anaphylaxis Campaign is a national charity launched in 1994 to raise awareness of severe allergies, particularly food allergy. The Campaign maintains a regular dialogue with the UK food industry, prominent medical figures and the

Food Standards Agency. Newsletters, fact sheets and product alert bulletins are sent to the Campaign's 8,000 members, the majority being the parents of children with severe allergy. There is a telephone helpline and a website.
